Description:

Signature of Course Instructor

BIOG 2000 - Special Studies in Biology

Fall, Spring, or Summer. 1-3 credits. Prerequisites: transfer- or special student status and written permission of instructor. Students must register using this form. S-U grades optional with permission of instructor. Hours to be arranged. Staff.

A registration device for students who want to take only a portion of a regular biological sciences course - for example, only the lectures or only the laboratory in a course that includes both. Only students who have already had training equivalent to the portion of the regular course that is to be omitted may register in this manner. This course may not be substituted for 1000-level courses and may not be used in fulfillment of college distribution requirements except by permission of the associate director of Undergraduate Biology.

Please return this form to the Office of Undergraduate Biology, 216 Stimson Hall by 4:00 p.m. on Wednesday, February 8, 2012. The Office of Undergraduate Biology will register you for BIOG 2000, Special Studies in Biology.
